CHANGES AT COOKEE'S!!

- 1) So much has changed that I am shocked at how many items I have to add! First, we added breakfast to our menu. Then, we decided to extend our breakfast offerings all day. Plus, we offered our normal items at breakfast. So now you can eat lunch at breakfast and breakfast at dinner if you want! We're open 8am-8pm Mon-Thurs. 8am-9pm on Fri, 6am-9pm on Sat, and 8am-7pm on Sun.
- 2) We added money-saving specials that you may not know about. We have our first daily Happy Hour from 2pm-3pm. You can get any size fountain drink for only 1.00! Our second daily Happy Hour is from 3pm-4pm. You can now get regular ice-cream cones for only 1.00! Finally, we added a great new special called Taco Thursdays! From 4pm-8pm, on Thursdays, you can get tacos and large fountain drinks for just a buck! We also offer, for a bit more, homemade crispitos and also taco salads made in our homemade taco bowls, during this time. We have added more food items too. Corn Nuggets, and Mini Corndogs! These were customer requests that turned out to be delicious! Try some! We have also added two new flavors for our shakes/slushies. Chocolate Mint and Cotton Candy! See what you think!
- 3) We do listen and **CARE** about what our customers have to say. An example is our bagging procedures. To minimize fried foods being crushed, we now separate the fried foods from the sandwiches, if there is more than a single sandwich in the order. We became aware of another problem in that our orders were incorrect sometimes. We are now working on a new checks and balances system to have the cooks and carhops sign off on the order to ensure it is right. Keep your comments coming, we do care about our customers! Without you, there would be no Cookees Drive-In!
- 4) Some nice news for Cookees is that we won a Community Service Award for our continued contributions to the community. We also won the Christmas Decoration award from the City of Pleasanton! Voted by the people!
- 5) Our Haunted House was BIGGER and better than last year and was a hit!
- 6) Listen to KOMB 103.9 for our new radio spots giving you info on Cookees!
- 7) As always, our door is open. If you have suggestions/feedback, please tell us!
